INGHAM COUNTY, MICHIGAN.

TOWN One NORTH, RANGE One East, MERIDIAN OF MICHIGAN.

Survey of the west half of the north half of section Thirty Town One North of Range One East as represented by the plat, the scale to which it is drawn is 10 chains to one inch, in which the names of owners, the number of acres owned by each, the bearings and lengths of the lines surveyed, and the relative position in the section being letters of reference to the corners are respectively given. The highways are shown by the red lines.

The corners are described as follows.

Found one of the bearing trees blown over and what appeared to be the remains of the other and located the corner as near as it could be from the evidence. New bearing Ironwood 5 in diam bears N64W 34 lks. dist.
